SILVERWARE TRAY INSERTS

Why invest your money in a kitchen only to have the knife and fork points gouge out the wood in your silverware drawer? The laminate bumper on our trays eliminates the gouging and shavings that happen with conventional trays.

- No more sawdust. Natural maple laminate bumper keeps knife and fork points from gouging out the wood.
- Beautifully prefinished with natural finish.
- Easy access. Each compartment is 3" or wider making it easy to find and reach what you need.
- Refined design. The divider pieces are stepped down from one section to the next bringing a refined, classy appearance.
- Combine with Century knife blocks to create the ultimate in drawer organization. (See pages 14-17)
