

System 9000 mounting plates/angle mounting plates for Intermat and Ecomat hinges

MPL 9000

Article		Distance Hole line	Distance	Total height	Order no.
InLine screw-on mounting plates Hole distance 32 mm for direct fixing with chipboard screw $\varnothing$ 3,5 mm, parallel eccentric height adjustment ± 2 mm, nickel-plated steel die-cast zinc PU = 50 pcs	 	20 mm	1,5 mm	9,5 mm	043 017
			3,0 mm	11,0 mm	043 018
			5,0 mm	13,0 mm	043 019
InLine knock-in mounting plates Hole distance 32 mm knock-in version for drill holes dia. 10 x 11,5 mm parallel eccentric height adjustment ± 2 mm, nickel-plated steel die-cast zinc PU = 50 pcs	 	20 mm	1,5 mm	9,5 mm	042 814
			3,0 mm	11,0 mm	042 813
			5,0 mm	13,0 mm	042 815
Angle plate for wing mounting plate silver-grey plastic PU = 50 pcs	    	37 mm	5°	5,0 mm	079 349
			10°	10,0 mm	079 350
		Simply turn the plastic angle mounting plates to either increase or decrease the cabinet angle. Plastic angle mounting plates are stackable.			
		Angle plates may only be used with the following wing mounting plates:			
Screw-on wing mounting plate Hole distance 32 mm, with oblong holes $\varnothing$ 5,4 mm for height adjustment ± 2 mm, nickel-plated steel/*die-cast zinc PU = 400 pcs	 	37 mm	0 mm	9,0 mm	1 071 605
			1,5 mm	10,5 mm	1 071 606
			3,0 mm	12,0 mm	1 071 607
			5,0 mm	14,0 mm	1 071 608
			8,0 mm*	17,0 mm	1 071 609
		Fixing with countersunk wood screws $\varnothing$ 4,5 mm			
Distance spacer plate for wing mounting plate Silver-grey plastic PU = 50 pcs	 	37 mm	3,0 mm	3,0 mm	079 323
			5,0 mm	5,0 mm	079 324
			10,0 mm	10,0 mm	079 325
		Only suitable for use with screw-on wing mounting plates order no. 1 071 605 – 609 (see page 94)
